# Correction: Adipose stem cells from type 2 diabetic mice exhibit therapeutic potential in wound healing

Yongfa Sun<sup>1</sup>, Lili Song<sup>1</sup>, Yong Zhang<sup>1</sup>, Hongjun Wang<sup>2</sup>  and Xiao Dong<sup>1\*</sup>

**Correction to: *Stem Cell Research & Therapy* (2020) 11:298**  
<https://doi.org/10.1186/s13287-020-01817-1>

The authors regret that they identified inadvertent errors during manuscript preparation that incorrect photos have been mis-uploaded in Fig. 3. Corrections made are listed below.

Figure 3B: The flow cytometry sub-figures in the low panels were duplicates of the upper panel instead of correct figures from the T2D group. It has now been replaced with the right sub-figures.

Figure 3D: C57BL/6 Adipogenesis (upper panel, left): A figure from the T2D group was mistakenly uploaded and is now corrected.

Figure 3D: Chondrogenesis: C57BL/6 and T2D subfigures were misplaced, and now corrected.
